

Tonya Vlasik

Senior Director of Human Resources
Mount Mary University

Tonya Vlasik is the Senior Director of Human Resources and Risk Management for Mount Mary University. She has a Bachelor in Business Administration from Morehead State University in Morehead, Kentucky, and a Juris Doctor from the University of Kentucky. Tonya brings a wide range of experience to Mount Mary as she has been on both sides of the litigation desk, from being on legal teams winning landmark discrimination cases to building startup companies and Human Resources departments from the ground up. She sees Human Resources as a way to provide a meaningful work experience for employees while bridging the gap with compliance and litigation concerns. When not wandering the hallowed halls of Notre Dame Hall, she can be found traveling to her husband's Ukrainian homeland and relishing her role as hockey mom to her middle school daughter.
