

Ace Worldwide Elite Relocation Partnership

Thank you so very much for allowing Ace to partner with WAICU and all the fine institutions who are part of this program.

We take great pride in offering you a very complete menu of moving services provided by highly trained professionals.

Services offered:

- Household relocation services both inbound and outbound for your transferring professionals and your employees and families.
- Laboratory relocation services including traditional services along with specimen, chemical and colony relocation of animals. Our largest clients are Mayo Clinics and the UW system.
- Office and facility relocation services to assist you with department transfers and all needed on campus relocation.
- Our newest offering is providing you with an alternative to purchasing new furniture. We can offer top of line furniture we acquire from various clients and handle 100% of your needed services utilizing our exceptional inhouse Ace group or partnering with our extensive list of trusted partners. When we acquire furniture, we shall share pictures of items and quantities.

Things you might not know about Ace:

- We have 12 Ace owned facilities strategically placed across the US.
- We are a founding member of Atlas Van Lines which is 2nd largest Household and Specialty transportation group in the US.

- We can assist with both Canadian and International relocations utilizing Atlas International and Atlas Canada.

Please never hesitate in contacting me with your transportation questions. I look forward to helping!

Kindest Regards,
John Donovan
